

All Things PACT Act 101

PACTACT OVERVIEW

The Sergeant First Class Heath Robinson Promise to Address Comprehensive Toxics (PACT) Act of 2022

is a new law that expands VA health care and benefits for Veterans exposed to burn pits and other toxic substances. This law helps us provide generations of Veterans—and their survivors—with the care and benefits they've earned and deserve.

The PACT Act:

- Expands and extends eligibility for VA health care for Veterans with toxic exposures and Veterans of the Vietnam era, Gulf War era, and Post-9/11 era.
- Expands eligibility for benefits for Veterans exposed to toxic substances.

PACT Act Key Components

The Act expands and extends eligibility for VA health care for Veterans with toxic exposures and Veterans of the Vietnam era, Gulf War era, and Post-9/11 era.

VA will improve the decision-making process for determining what medical conditions will be considered for presumptive status.

Every enrolled Veteran will receive an initial toxic exposure screening and a follow-up screening every five years. Veterans who are not enrolled, but who are eligible to enroll, will have an opportunity to enroll and receive the screening.

VA health care staff and claims processors will receive toxic exposure-related education and training.

The Act **requires research studies** on the mortality of Veterans who served in Southwest Asia during the Gulf War; Post-9/11 Veteran health trends; and Veteran cancer rates.

The Act will help VA **build a stronger, more skilled workforce** to meet the growing demand for benefits and services.

The Act **authorizes 31 new facilities** across the country, providing greater access to VA health care.

DID YOU SERVE HERE?

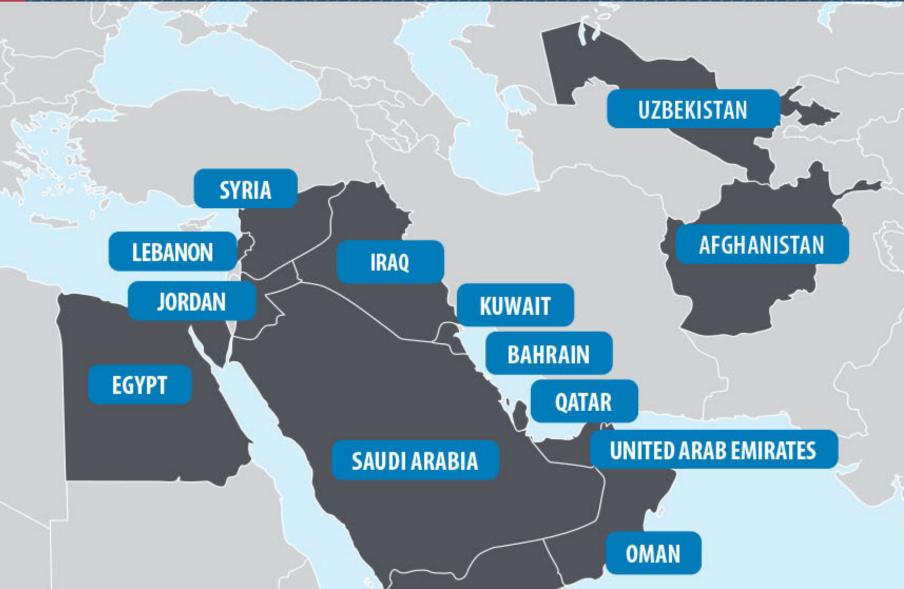

If you served on the ground, in the airspace above, in territorial waters, or a ship that called there, you may be eligible for VA benefits and health care for over 300 conditions.

Health Care Enrollment Eligibility

WHO: All Veterans enrolled in VA health care

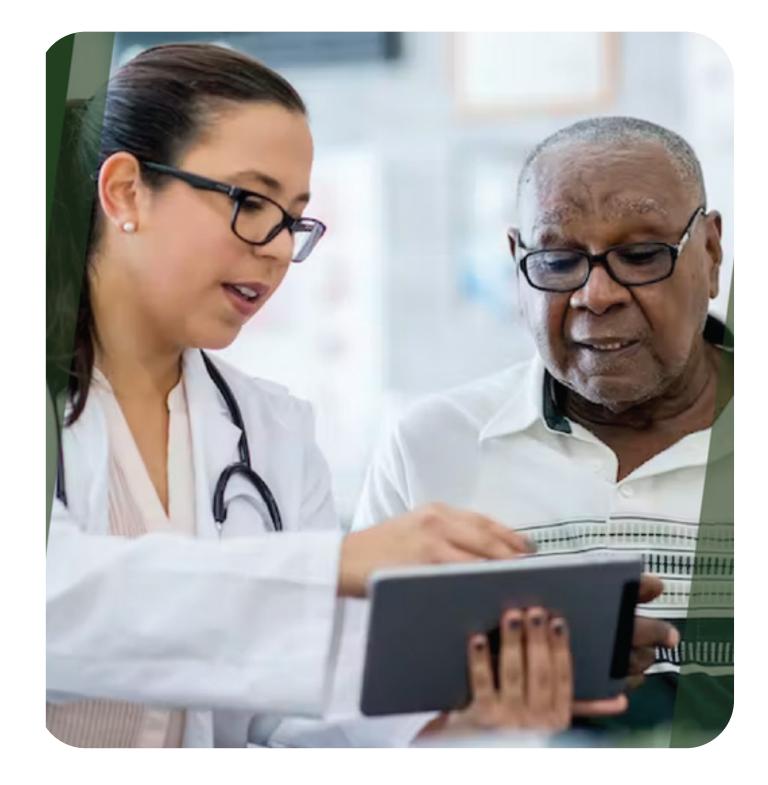

WHAT: A quick (5-10 minute) series of questions to identify and document any potential exposures to toxins during military service

WHEN: At least one every 5 years

WHERE: VA medical centers and clinics

WHY: Supports Veteran long-term health plans and informed, whole-health care

HOW: Veterans can ask about the screening at their next VA appointment

Filing Claims to Receive Benefits

Veterans can file a claim for the new presumptive conditions:

- New Claim—Veteran has never filed for the presumptive condition
- Supplemental Claim—the presumptive condition was previously denied but is now considered to be presumptive
- If VA denied one of the new presumptive conditions in the past but the Veteran may now be eligible for benefits, VA will try to contact them. There is no need to wait to file a Supplemental Claim.
- VA is prioritizing the claims of Veterans with cancer to make sure they get timely access to the care and benefits they need.
- **Pending Claims:** If a Veteran's condition was added to the list of presumptive conditions* after the claim was filed, VA will consider it on a presumptive basis.

*Presumptive conditions do not require proof that the military service caused the condition. Veterans only need to meet the service requirements and have a current diagnosis of the presumptive condition. Veterans should submit any supporting documentation to assist with their claim.

Other Affected Veterans and Survivors

What about additional benefits and care for other Veterans and their survivors?

Under the PACT Act, survivors may be eligible for VA benefits, including Dependency and Indemnity Compensation and Burial benefits.

Camp Lejeune Justice Act (CLJA) of 2022

- You may have seen advertisements from lawyers, law firms, or others seeking to represent Veterans and others in litigation related to the PACT Act or the CLJA. <u>These lawyers, firms, and private parties are not connected with</u>
 VA benefits or services.
- Seeking relief under the CLJA will not influence VA's decisions and will not affect the amount of the benefits or health care VA can provide.
- Relief awarded by the court in a lawsuit brought under the CLJA must be offset by the amount of any disability award, payment, or benefit VA provided to you or your legal representative due to exposure to water at Camp Lejeune.
- Learn more at <u>www.publichealth.va.gov/exposures/camp-lejeune/index.asp</u> or call 1-800- MyVA411 (1-800-698-2411).
- For questions on the status of cases filed in federal court under the CLJA, contact the Department of Justice at camplejeune.pactact@usdoj.gov or call 202-353-4426.

Avoiding PACT Act Scams

There's been an increase in <u>PACT Act-related phishing (email)</u>, vishing (phone), and <u>social media scams</u> targeting Veterans to access their PACT Act benefits or submit claims on their behalf. To report suspected scams, please contact the VA Office of Inspector General (OIG) Hotline at <u>VA.gov/oig/hotline/</u>.

Do:

- Securely submit your application directly to VA online at <u>benefits.va.gov/benefits/applying.asp</u> or in person at any VA Regional Office. VA will assist in gathering supportive evidence at no cost to you.
- Be cautious of companies that (1) claim to be contacting you on behalf of VA, (2) advertise VA benefits can only be obtained with their help, or (3) attempt to pressure you into signing a contract.
- If you're interested in working with a Veterans Service Organization, agent, or attorney, use the VA Office of General Counsel (OGC) accreditation tool at VA.gov/ogc/apps/accreditation/index.asp to confirm their credentials.

Don't:

- Don't sign a contract agreeing to pay an unauthorized company a percentage of your benefit payment in exchange for assistance with your VA claim.
- Don't sign forms that are not VA generated or a blank form for someone else to complete later.
- Don't be fooled by companies that advertise special relationships with medical professionals and say they can guarantee your benefits award.
- Don't provide personal information (such as your social security number) to anyone offering claims assistance.

When or How Should I File a Claim?

What if I have previously been denied?

Veterans previously denied a toxic-exposure related claim are encouraged to file a supplemental claim. Once a supplemental claim is received, VA will review the claim under the new law.
